Your Subscription Has A Deeper Impact

We have partnered with Feed My Starving Children and the reason why is simple...
THEY HAVE THE BIGGEST POSITIVE IMPACT ON THE LARGEST AMOUNT OF PEOPLE FOR THE LOWEST EXPENSE.

Here at MintBuilder not only are you building your legacy with precious metal assets... you are also helping to feed starving children all over the globe allowing them to create a legacy of their own!

Now that's efficiency!
They have always maintained **the highest nonprofit rating as well as maintained the highest percentages**, 91% of all money donated used directly for food. This high of a percentage is unheard of!

91%

Every month you are on a subscription you are feeding hungry children in over 100 countries around the globe! The more subscriptions you refer to others the more meals that are being sent out each and every month all because of you!

Huge benefits

Acquiring precious metal assets is one way to build your medium to long term wealth

The second way to build your wealth is to increase your income and this is why we have created an Income Platform. It's very easy, simply refer people to your MintBuilder website and direct them to purchase a wealth building subscription. When they make a purchase, you are helping them to become their own independent wealth builder. And you begin your income building journey.

You are paid 10% of the subtotal on every subscription and retail sale you personally refer.

With Subscriptions your commissions are recurring which means you are paid on each subscription monthly. The perfect business model... make one referral and continue to earn from it! How many recurring subscriptions do you want to earn from?

Here's an example...

Personally Refer someone to The Select Few Bundle for \$197 and you are paid \$19.70 every month for that single referral. Set a goal of one referral per week and see your income explode.

TEAM MATCHING COMMISSIONS

PAYS YOU 50%
recurring matches

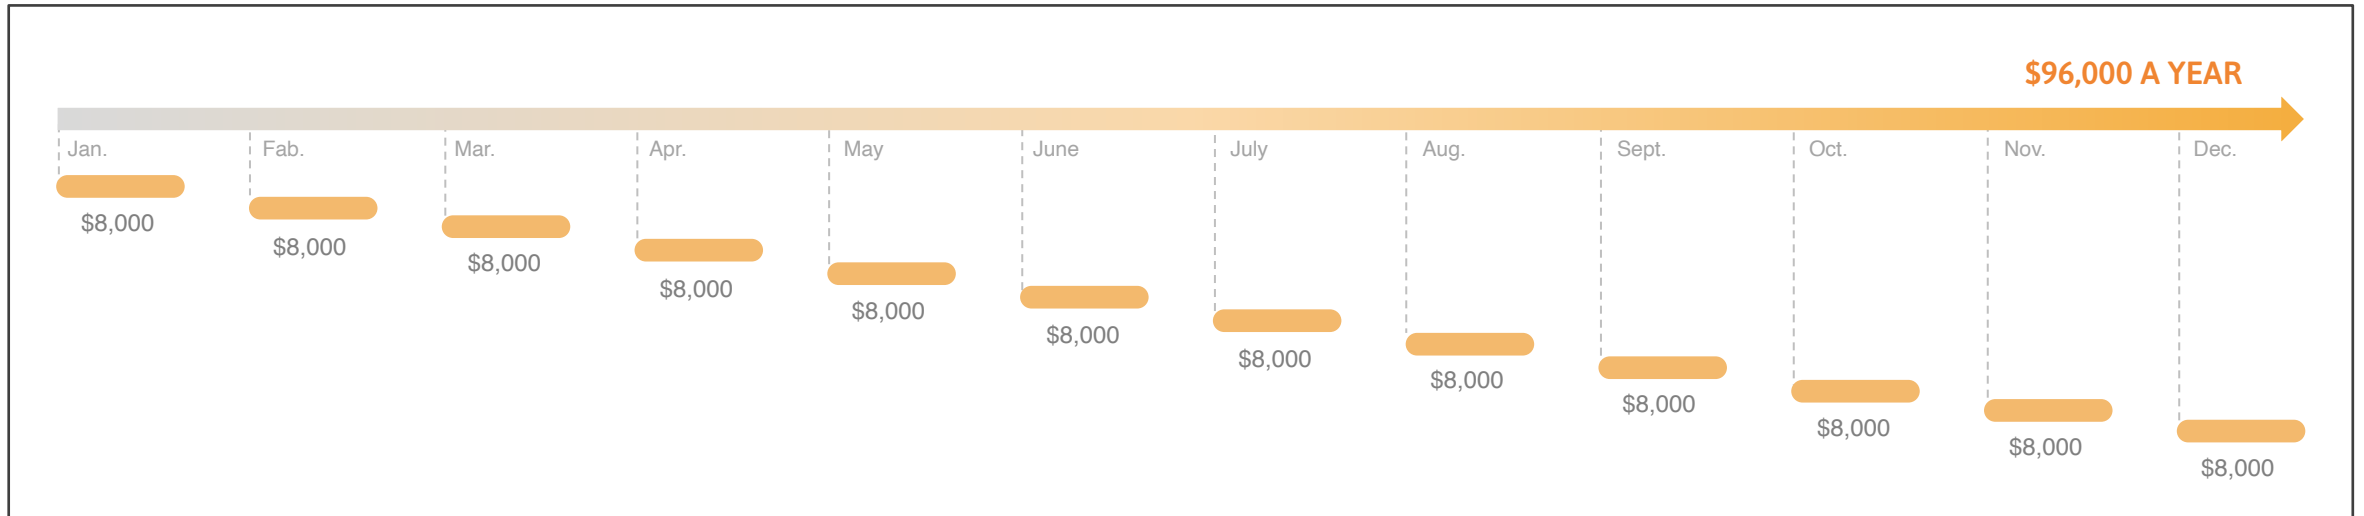

Just like you, everyone within your team earns 10% Personal Commissions on Retail Sales as well as on Subscriptions.

We add up all these 10% commissions earned from everyone within your entire 5 tier team and pay you a 50% Team Matching Commission! Your Team Matching Commissions on subscriptions are also recurring which means you are paid a 50% match every month.

Here's an example...

Someone on your 4th tier refers The Select Few Bundle for \$197 they earn 10% which is \$19.70 and you earn a 50% Match which is \$9.85 recurring, earned from a sale on your 5th tier.

Income Goal

HERE IS AN INCOME GOAL WE HAVE GIVEN TO ALL OUR MEMBERS – OBTAIN ONE REFERRAL EVERY 12 WEEKS

When you and your team achieve this simple goal of personally referring 4 Subscription Packs your recurring monthly income will be over \$8,000!

That's \$96,000 a year! This is based on the referral of the Around The World Bundle which is an average of all the subscriptions.

It could be less, or it could be much more based on averages and the number of personal referrals.
