Retail Customers & Wholesale Customers

There are **TWO** distinctly different people here at MintBuilder: Wholesale Customers and Affiliates.

Wholesale Customers are those who purchase a Membership and purchase precious metals. They are not an Affiliate.

Affiliates sell memberships, precious metals and build a sales organization that does the same.

Payout Schedule: Commissions earned from Retail product purchases as well as commissions earned from Wholesale Customer membership purchases are instantly credited into your Affiliate Income Platform. These commissions can be used right away to purchase products from the shop, used to fully or partially cover your monthly Membership/Auto-Assets or the commissions can be deposited directly into your bank account. Direct deposits payout every Monday. So the question is, do you want to use your commissions for FREE Silver and Gold or do you want Cash? The option is yours!

It is important to note that NO compensation is paid on the recruitment of an Affiliate. Commissions are ONLY earned on the sale of commissionable products which include; retail sales, Wholesale Customer Memberships and Auto-Assets sold. MintBuilder has a zero tolerance policy of affiliates marketing contrary to this.

Whatever your interest maybe here at MintBuilder, we are glad you are part of our MintBuilder Community joining us in our mission to bring precious metals into every home.

Cost to Register

You are not required to buy any commissionable products or services to become a MintBuilder Affiliate. The monthly cost of the Affiliate Platform is \$9.97. Compensation

The MintBuilder business is based on product sales. There is NO income earned from the mere act of sponsoring or recruiting others. There are two fundamental ways in which an Affiliate can earn compensation:

1. Retail products sold to non Wholesale Customers (customers who are not on the monthly Wholesale Customer Membership).
2. Wholesale Customer Memberships sold (which includes monthly product(s) and great discounts on precious metals, see the MintBuilder Wholesale Customer Membership description for details <https://mintbuilder.com/product/income-wholesale-bundle>).

As with any other sales opportunity, the compensation earned by MintBuilder Affiliates varies significantly. This document provides statistical, fiscal data about the average affiliate income. The income of the Affiliates in this chart is not necessarily representative of the income, if any, that a MintBuilder Affiliate can or will earn through the MintBuilder Compensation Plan. These figures should not be considered as guarantees or projections of your actual income or profits. Your success will depend on individual diligence, work, effort, sales skills and market conditions. MintBuilder does not guarantee any income success.

80% of our Members were Customers Only and not Affiliates in 2021. An Affiliate is a person who has chosen to utilize the optional Affiliate Income Platform and who earned ANY amount of commissions in the 2021 calendar year.

The average annual income for ALL Affiliates (which includes Active and Inactive Affiliates) in 2021 was **\$108.22**.
